GETS DIAMOND BY ELIMINATION.

Butcher Loses Jewel; Suspects Chickens; Fiftieth Slaughtered Hen Yields Stone.

(BY A. P. NIGHT WIRE.)
DAVENPORT (Ira) Sept. 17.—It was a tedious process for H. L. Walbourne, a local grocer and butcher, to recover a lost diamond valued at \$600 for which he was unable to tell which of his 150 chickens had swallowed the gem.
The diamond was missing from his ring after he had unloaded the chickens from crates and placed them in a coop. He suspected one of the fowls had eaten it. He found the jewel in the gizzard of the fiftieth hen he slaughtered.

RED THREAT AT POLES.

They'll Want Peace Says Trotsky.

Russia Stronger Than Ever, He Boasts, and is Ready for New Offensive.

American Consulate Insulted by Italian Workmen in Labor Parade.

(BY CABLE AND ASSOCIATED PRESS.)
MOSCOW, Sept. 15 (Delayed).—Russia is stronger than ever in a military way, declares Leon Trotsky, Minister of War, in a statement contributed to the newspaper Pravda.

A new offensive by the Russians is in preparation, the Minister declares, and he estimates that it is prepared to give Poland a real dose for peace, which he declares she now lacks.

Although driven from Warsaw, Trotsky points out, the soviet army still occupies approximately 400 of the 450 versts covered in the advance.

The independence of Lithuania has been secured, he says, while the Ukraine and White Russia have been freed from the Polish occupation.

The Russian army is preparing a new and powerful offensive, he asserts.

For peace, he argues, as is shown by her "consistent policy of procrastination."

Russia, while desiring peace, Trotsky declares, is forced to the inevitable conclusion that the Red army will bring the Poles to reason.

(BY A. P. DAY WIRE.)
WASHINGTON, Sept. 17.—An attempted violation of the American consulate at Genoa, Italy, by workmen displaying red flags who sought to force the lowering of the American flag during a funeral of workmen was reported today to the State Department.

The report of the incident was communicated by Vice-Consul Murphy at Genoa through the American Embassy at Rome. The funeral was of workmen who had been shot during a clash with Italian police authorities in the disturbances of September 10. As the procession was passing the consulate a number of workmen rushed into the building and tried to enter the Consul's office to lower the American flag to half mast in respect to the dead.

Vice-Consul Murphy stopped the crowd, refused the demand that the flag be lowered, and ordered the workmen finally left after considerable expostulation during which they were said to have used insulting language.

OIL PRODUCTION SHOWS INCREASE.

Standard Oil Output Highest Since 1914, Report for August.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Sept. 17.—August production of 290,590 barrels of oil by the Standard Oil Company showed an increase of 11,421 barrels during the month over the July figures, the company reported today. It was the highest monthly production figure recorded since 1914 for the company and is the result of the development of the eastern section of the Elk Hills field, the announcement said.

DEMOCRATS A-BEGGING.

Panhandle for Coin in Desperation.

Unable to Pay Employees Cox Supporters See Defeat in D-Caps Ahead.

Harding Landslide in Sight, Bryan Balking; Liquor Money is Sought.

(BY ARTHUR SEARS HENNING.)
WASHINGTON, Sept. 17.—If the present condition of disorganization in the Democratic party continues up to election day there is no doubt in the world that Senator Harding will be swept into office by a landslide.

Little by little the sad state of affairs in the Democratic organization has come to light, partly through the efforts being made by Gov. Cox's friends to organize a victory out of the defeat staring them in the face.

One of the fundamental troubles in that party, as predicted by William J. Bryan, is paying the price of accepting the dictation of the President on the question of the obligations of the United States. It is now clear that the party is divided on this question, as has been demonstrated strikingly by the large number of Democrats voting the Republican ticket in Maine.

The reputation of the treaty in the Democratic primary in Georgia and the remarkable run made by Bobby Burke for the Senatorial nomination in Illinois on the anti-League platform.

LEAGUE OR CONSTITUTION?

Two Are Irreconcilable; Country Must Decide Between Them, Says Harding.

(BY A. P. NIGHT WIRE.)
MARION (O.) Sept. 17.—Pronouncing the League of Nations covenant irreconcilable with the American constitution, Senator Harding declared in a Constitution Day address here that the time had come for the United States to decide whether it would preserve or abandon the charter under which it constituted nationally.

"The Constitution or the covenant—that is the paramount issue," he said. "The two are irreconcilable. We cannot be governed from both Geneva and Washington. We cannot follow our present chief magistrate without forsaking the father of our country."

The Republican nominee also assailed the administration's policy toward the smaller nations of the Western Hemisphere, asserting that the executive had usurped Congressional powers to carry on an international war with Hayti and San Domingo. He declared the recent utterances of Franklin D. Roosevelt, Democratic nominee for Vice-President, had revealed officially for the first time the American government's attitude toward the two little republics.

The speech, delivered from the front porch to delegations from several Ohio counties, reviewed the circumstances surrounding the making of the Constitution and outlined the candidate's conception of the balanced powers of the executive, legislative and judicial branches of the government.

"The Constitution has never failed America," he continued, "and despite heedless assertions to the contrary, America has never failed the world. And now, as never before, she stands ready, and let us hope will soon be in a position, through earnest co-operation of all branches of our government, to lend a helping hand, but she herself must polio the way."

MUST OBEY MANDATES.
"How can we, then, in reason and with confidence, make sure of fulfilling our mission on earth? The first step is plain. We must strictly maintain and scrupulously observe the Constitution."

(Continued on Third Page.)

DASH DE LUXE TO COAST.

(EXCLUSIVE DISPATCH.)
CHICAGO, Sept. 17.—Fast train schedule between Chicago and California will be built up by clipping off a few hours from prairie running time and precious minutes on the mountain divisions so that Eastern and Middle Western tourists may get at the midwinter grapefruit one earlier, as planned.

The time shaving which has assumed the aspects of a dash de luxe from the Mississippi to the mountains is contemplated by the Northern Pacific connection. They plan to put new flyers on carefully set time cards to lessen the time between Chicago and the Coast by eight or nine hours.

The Northwestern-Union Pacific officials who have been called to meet in Ogden, Utah, next week, expect to announce new fast service by October 1.

On the first of November, the Santa Fe plans to start its California Limited on a schedule reduced four hours and also to add another "Coast Racer" and perhaps to restore the de luxe limited, a former famous train that reached Los Angeles six hours after leaving Chicago.

The Rock Island and Southern Pacific are understood to be scheming a sixty-eight-hour schedule for the Golden State Limited, which now runs from here to Los Angeles in seventy-two hours.

New fast trains between Chicago and Kansas are planned by the Pennsylvania and between Chicago and New York by the Michigan Central.

"ANARCHIST FIGHTERS" DEMAND FREEDOM FOR "POLITICAL PRISONERS"

(BY A. P. NIGHT WIRE.)
NEW YORK, Sept. 17.—Receipt by Department of Justice agents tonight of five radical circulars signed "American Anarchist Fighters," which were found in a mail box at Cedar street and Broadway at 11:58 a.m. Thursday, furnished the first tangible clew, they said, to the identity of the persons who were responsible for the explosion in Wall street, which three minutes later killed thirty-five persons, injured 200 others and caused property damage running into millions.

In making public the circulars, which were printed on cheap paper seven by eleven inches, Chief William J. Flynn of the Bureau of Investigation, Department of Justice, called attention to the fact that the bombs sent in the nation-wide bomb plot on June 2, 1919, were wrapped in circulars announcing the coming of the revolution and signed "Anarchist Fighters."

The circular read: "Remember, we will not tolerate any longer. Free the political prisoners. It will be sure death for all of you."

"American Anarchist Fighters." The circulars were not inclosed with any other address. Some contained misspelled words.

"In my opinion this was not an attack on J. P. Morgan & Co.," Chief Flynn said. "The circulars were found in the mail box. The circulars declared there was a striking similarity between the circulars found after the nation-wide bomb plot in June, 1919, and those found in the mail box."

The circulars, he explained, were apparently printed hurriedly with rubber stamps and discrepancies in spelling would indicate they were printed by two different men.

Discovery of the circulars, Chief Flynn said, "makes the plot of the bombers fairly clear."

SET TIMING DEVICE.
They left the wagon with a horse attached to Wall street, having set the timing device a few moments ahead," he explained. "They didn't want to throw them into the street as they walked away from the scene, so they stuck them in the box. Three minutes later their bomb exploded."

"The fact that the box was empty when the letter carrier visited it at 11:30, and that the circulars were at it at 11:58, so close to the time the explosion and so close to the scene of it, carries conviction."

"This is one of the most important clues we have, but of course, identification of the horse and wagon that carried the infernal machine to Wall street, paid for by the Federal officials, would be the key to the case."

"We are reasonably sure that a time device was used. A fuse would have smoked. Some one might have smelted it. The clock arrangement would be the safest."

He declared that it was his opinion the bomb "was placed in the financial heart of America as a defiance against the American people and the American government."

FLYNN EMPHATIC.
Chief Flynn, who arrived here from Washington to take personal charge of the investigation, declared after leaving the J. P. Morgan office.

The telegram said in part: "The fact of the fact that your policy committee has taken the wise and honorable position of advising the idle mine workers to return to work, I shall be glad to meet the committee and carefully consider any claims of the mine workers which it may have to present."

"I sincerely congratulate you on the decision you have arrived at."

Damaged by Fire, Vessel Sinks at Baltimore Docks.

(BY A. P. DAY WIRE.)
BALTIMORE, Sept. 17.—The steamer Kerechou was badly damaged by fire and sank today at docks where she had been undergoing repairs. It was reported that six members of the crew were missing.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 17.—The appearance of near-by buildings indicates that the explosion in the New York financial district was like the discharge of a small war bomb, said a telegram received at the Bureau of Mines today from George S. Rice, chief mining engineer of the bureau, who was in New York on business when the explosion occurred. "Center of explosion in the street near the assayer office than Morgan Building," said the telegram.

"Appears from buildings like discharge of small war bomb, except no crater, and small evidence of pitting in asphalt pavement."

Franklin G. Miller, New York, Jerome H. McKee, broker, New York.

NEW YORK, Sept. 17.—Thirty-five persons, one of them unidentified, lost their lives in yesterday's explosion, according to a revised casualty list. This included the following additional names of persons who died in hospitals and corrected names of some previously reported: John A. Donahue, Brooklyn.

Benjamin Soloway, Brooklyn. John W. Weir, New York. Margaret Fisher, Brooklyn. Worth Bailey, Ellsworth, Washington.

Alexander Leigh, New York. Irving Tamm, New York. Rudolph Portny, Jamaica, L. I. Lewis K. Smith, New York. One body is still unidentified.

Among the known injured were John Paick, Sacramento, and Mrs. Lena Paick, his wife.

LATEST MORNING NEWS

OGLESBY HOLDING LEAD
CHICAGO, Sept. 17.—Returns from 5396 precincts out of 5727 in Illinois tonight showed the following vote: For the Republican gubernatorial nomination: Oglesby, 361,837; Small, 349,084. In the Republican Senatorial contest the vote from 5396 precincts was: McKinley, 247,484; Smith, 241,858.

CENTRALIA GETS WARNING
CENTRALIA (Wash.) Sept. 17.—Department of Justice operatives are investigating the receipt today by a local newspaper of a threatening letter purporting to be from "Milwaukee radicals," in which the writer threatened to kill American Legionnaires and business men of this city who escaped the Armistice Day murders would be killed "about October 15."

MCSWINEY VERY LOW
LONDON, Sept. 17.—The condition of Lord Mayor MacSwiney of Cork was described as very low in a bulletin from the Irish Self-Determination League tonight. It says: "Lord Mayor MacSwiney is suffering from severe pain in the head. He is still conscious."

OIL PROPERTY BURNED
SAN ANTONIO, Sept. 17.—Approximately \$1,000,000 worth of oil and other property was destroyed by fire near Tampico, Mex., early today, according to a telegram received tonight by La Prensa, a Mexican newspaper here.

TO IMPROVE SCHEDULES
CHICAGO, Sept. 17.—Reduction in the number of through trains will be discussed by railroad officials at a conference in Ogden, Utah, next week, it was announced tonight by the Northwestern Railroad.

WARNER APPREHENDED.
Man Said to Have Sent Bomb Message to Wall Street Detained in Canada.

(BY A. P. NIGHT WIRE.)
HAMILTON (Ont.) Sept. 17.—Edward P. Fischer, detained here in connection with investigations into the Wall Street explosion, was apprehended on information given the police here by his brother-in-law, Robert Pope of New York. It was stated here for two days.

Fischer admitted sending the postcard to his "chief in the French mission," New York, and also of sending word of an impending disaster to a friend in a Wall-street brokerage office.

Asked where he received his information as to the bombing, he stated that "it came from the air."

He stated that he "believed in a religion of love," but that he "hated the Morgans."

WARNING POSTCARD.
Among many papers found on the prisoner was a postcard addressed in Toronto, dated September 13, to a man in New York. In one corner of the card was the following warning:

"Have Bob keep away from Wall street this Wednesday afternoon. The police say Mr. Pope informed them that three weeks ago the prisoner predicted the New York catastrophe and sent warnings to Wall street friends. Pope says his relative has been in a peculiar mental condition for some time and that he believes the information as to the approaching disaster was 'received by telepathy.'"

A lunacy commission adjudged Fischer a "fit subject for the asylum."

Among the known injured were John Paick, Sacramento, and Mrs. Lena Paick, his wife.

Cox Opens California Campaign with a Speech at State Capital.

EXCORIATES BIG BUSINESS.

Democratic Candidate Then Compliments Johnson.

Scores Republican Leaders Supporting Harding.

Insists Powerful Oligarchy Has Gained Control.

(BY A. F. NIGHT WIRE.)
SACRAMENTO, Sept. 12.—In an address here early today, opening his California campaign, Gov. Cox of Ohio, Democratic Presidential candidate, praised Senator William Johnson, Republican, as an exponent of progressivism, and again praised "big business" and Republican leaders supporting Senator Harding.

Although they differ fundamentally on the League of Nations, Gov. Cox said he admired Senator Johnson for frankness and lack of ambiguity or hypocrisy.

"I do not agree on international politics," Gov. Cox said to a large outdoor audience at a meeting "but I respect the man for his candor."

RECALLS ROOSEVELT.
"I have looked with admiration on the fight which he has made throughout the years against reaction," he said, "and he continued consistently the same fight in 1912, through the primaries and the convention of 1916, just as Roosevelt would have done."

"As an Ohioan, I give to you the assurance that the observation made by a distinguished citizen of our state to the effect that William Johnson was a 'blackguard' and 'traitor' to the cause of progressivism in Ohio this year, he would have carried out."

"If the reactionary Senatorial oligarchy gains control of the government in this campaign, it will manipulate the power of patronage that the progressive Republicans will either be compelled to join another party, or to form one of their own."

"Let me recall the parallel between the two years ago, Col. Roosevelt charged that the nomination of Theodore Roosevelt for president was a 'blackguard' and 'traitor' to the cause of progressivism in Ohio this year, he would have carried out."

THE PRIMARY SYSTEM.
"His further observation was that the primary system is a 'blackguard' and 'traitor' to the cause of progressivism in Ohio this year, he would have carried out."

"I am unable to see by what process of reasoning the political party which has given to Ross Barnes of New York a distinct status of leadership in this campaign can expect of progressive friends of Theodore Roosevelt and William Johnson to give it support."

ATTEMPTS TO SMUGGLE JAPS; GETS SENTENCE.
SAN FRANCISCO, Sept. 12.—Two hundred and ten Chinese students enrolling in American universities will arrive here tomorrow from Shanghai aboard the liner Tenyo Maru, which was seized by the U. S. Coast Guard and taken to San Francisco for investigation.

GOV. COX'S CALIFORNIA CAMPAIGN was an effort to secure the electoral vote which four years ago clinched the re-election of President Wilson.

The Governor was welcomed here by D. W. Carmichael, City Commissioner; National Committeeman Duckworth, several State committee members and a large number of party leaders, who the Governor was given a parade and hotel reception.

Radicalism was denounced by the Governor and he reiterated that "the only safe government, responsive to the needs of humanity,"

was its remedy. He referred to the Nonpartisan League in North Dakota, stating that most of its members were "golden-hearted, honest farmers" who resented "the robbery by grain elevator and milling interests."

The Governor reiterated his attacks on "big business" and his charges of ill-favored contributions to the Republican campaign.

PROSPERITY GENERAL.
Declaring that prosperity has been general during the last eight years, the candidate said that he had traveled "from the salt water of the Atlantic to that of the Pacific without seeing a single tramp."

Gov. Cox charged that Senator Harding, Republican nominee, at the last moment, had changed his mind on the Japanese immigration question.

Senator Harding had sent out for publication a speech dealing with the immigration question and then had hurriedly changed it after an interview with Gov. Stephens of California, Gov. Cox declared.

G.O.P. CAMPAIGN IS OPENED WITH BANG.
CONSTITUTION DAY ONE FOR THANKSGIVING, SAYS WOMAN SPEAKER.

CHICAGO, Sept. 12.—This is the first Constitution Day, the Constitution of the United States that has been a real Constitution, because it now includes women as well as men.

At the National Convention of the League of Women Voters, Mrs. Harriet Taylor Upton, vice-chairman of the executive committee of the Republican National Committee, speaking at today's ceremony at the Republican National headquarters here, Mrs. Upton declared the women of America should be especially happy to celebrate this day.

BOMB CAUSE OF DISASTER.

Noted Head of Federal Bureau Emphatic in Talk.

Death List Has Mounted and 35 Now Are Dead.

Financial Centers of Country Armed Camps.

(Continued from First Page.)
where efforts are being made to reconstruct the vehicle sufficiently to determine its exact type. A cursory examination indicated it was of unusual breadth which leads Detective Chief Coughlin to believe that it was of the type used in transporting crates of explosives through city streets.

One of the best descriptions of the mysterious vehicle was furnished by Lawrence Serbin, who, with his partner, was engaged in selling chocolates to the non-day crowd from a stand at the corner of Nassau and Wall streets, less than 300 feet away.

He declared the car came from the street and was driven by a man who spoke with a strong Scotch accent.

Just before 12 o'clock Thursday, Serbin said that he and his partner were doing business on Broadway street, where the new stock exchange addition is being built, when they were ordered away by a man in civilian clothes, whom they took to be an officer. They turned their horse around, passed the Morgan bank and entered the street where they resumed business.

DETAILS GIVEN.
"My wagon was on the right side of Wall street, looking toward Broadway," he added, "and across the street from me was an automobile, which I believe was the one which exploded."

"In accordance with plans, the opening guns of the seeking campaign for the Republicans were sounded, not only here, but all over the country, on Constitution Day. Reports to headquarters indicated that the attendance was heavy and enthusiasm great throughout the nation."

"I pulled my horse up, buddy," he said, "and I looked up at him and his wagon."

"He must have come from New street, because I was watching the cop on Broadway all the time. My partner and I were looking at the car when it came down Wall street. I couldn't see it when it was pulled down Wall street. About a minute later I was knocked down and killed."

THE WAGON was a bum wagon with dark, dirty red paint, something like a dirt wagon and about twice the size of those used by street cleaners. It was a rusty red color and was drawn by an old brown horse.

The driver was a dark complexioned, stout man, probably 35 or 40 years old, and dressed in working clothes and a dark cap. He appeared to be about 6 feet, 10 inches tall.

CHIEF, SAN WAGON.
Miss Rebecca Epstein, a stenographer in a Broadway brokerage firm, told the authorities she saw a wedding party in the open truck type being driven east in Wall street a few minutes before the explosion occurred. She said the wagon was covered with a white powder, and that a red flag flew from the rear of the vehicle.

When it reached a point about opposite the Morgan Bank and the assay office, she said, "the driver pulled up at the curb and stopped. He then got out of the seat and walked west on Wall street toward Broadway. I had reached the Equitable Building, where the explosion occurred. I was knocked senseless."

"I believe I would recognize the driver if I saw him. He was of the laboring type, about 40 years old and was dressed in a suit of brown overalls. They were spotted with the white powder in the boxes of barrels in the wagon."

SHRAPNEL IN BODIES.
Examination of the shrapnel found in the bodies of some of the dead and of fragments removed in surgical operations, has added weight to the belief that the explosion came from an infernal machine, and was not accidental.

An officer in the U. S. Coast Guard, who was in the vicinity of the explosion, was killed by Dr. Otto A. Schultz, medical examiner attached to the District Attorney's office, today.

Dr. Schultz examined the bodies of several dead and operated upon some injured. Death in many cases, he said, was due to perforating matter.

He insisted they were not parts of an automobile or wagon.

In his operations, he said, he observed fragments of metal buried in the flesh of the wounded. Many of the slugs were about the size of a walnut, he asserted.

REWARDS OFFERED.
The city today offered \$10,000 for information leading to the arrest and conviction of the person or persons responsible for the explosion, and \$500 for information leading to the identification of the owner of the wagon in which the explosion is known to have occurred.

The Preferred Accident Insurance Company also offered \$10,000 reward for information leading to the arrest and conviction of the guilty party or parties.

FUND FOR SUFFERERS.
The brokerage firm of Daniels & Co. sent to the city today a check for \$100, requesting him to use it as a nucleus for a fund to be raised for the relief of the injured and the families of the dead.

ANOTHER TRAGEDY.
Mark O. Prentiss, chairman of the United States Clearinghouse of Foreign Credits, today turned over to Dr. C. H. Norris, chief medical examiner, a 14-year-old child, who was killed, according to a statement of Dr. Norris, by a bullet which entered his head.

The child read: "The child was found in the street, near the Morgan bank, where they belong at once, every bank interested in foreign credit will be blown to pieces. We will make sure of it. We will make the job a new way."

The note was signed "American." A piece of red ink was placed on the note about two inches in diameter, splintered and fused at the ends and

BOMB WARNER IS APPREHENDED.

RECOUNT WILL BE DEMANDED.

Arizona Candidate Not Satisfied With Returns.

Hot Fight Centered Around Land Board Issue.

Two Phoenix Men Are Killed in Accidents.

PHOENIX, Sept. 12.—Enough county returns are in to definitely settle all primary election questions, save in the case of the Democratic nominee for Secretary of State.

There is question of the accuracy of the returns from Yavapai county, in which the official canvass gives Roosevelt, present State Treasurer, a plurality of thirty-six votes, a gross total of fifty-seven in the State.

Whereas, now a Phoenix justice of the peace, had expected several hundred plurality in Yavapai and is not dissatisfied with his own count.

There is report he will demand a recount of the ballots and close scrutiny of precincts in which there is claim he fell over one hundred votes shy of what was given him by unofficial returns. This contest is given a larger degree of importance in the fact that Wheeler has been considered as being against the large cattle interests which have been under fire by Gov. Campbell in last meetings of the State Land Board, while Roosevelt, an ex-officio member of the board, is reputed friendly as well as the present Secretary, Mr. Minnis, now the Democratic candidate for Governor.

Another member of the board is Atty.-Gen. Wiley E. Joffe, who has been renominated for his office. Much of the material for Campbell's fight has been furnished by renewals of range land leases in Yavapai.

BRACKENMAN KILLED.
John W. Cobb, an Arizona Eastern brakeman, was killed in the Yavapai county, where he was attempting to uncouple a train.

It is claimed that a flaw in the coupling-pin caused it to stick and that the man lost his balance when the pin finally came out.

Joe Ramirez, a press-room employee of the Arizona Republican, was killed this morning by the overturning of an auto in which he and four others were speeding to their work. The survivors say that the accident came from skidding on a sprinkled pavement.

EXPLOSION KILLED FORMER ANGELENO.
COLIN B. MCCLURE, VICTIM OF WALL-STREET TRAGEDY, LIVED HERE TWO YEARS.

At least one former Los Angeles man lost his life, and two others narrowly missed his fate in the Wall-street explosion in New York, it was learned here yesterday.

Colin B. McClure, whose name was carried in the first day's list of the dead, was a native of Los Angeles. He was a family in 1914 and 1915. Colin McClure was employed by Torrance, McCall & Co., while in Los Angeles. His age, occupation and place of residence, given in the death list as Yonkers, N. Y., are the clues by which he was identified here. Mr. Holabird said yesterday.

The other two Los Angeles men figuring in the explosion were Harry B. George, Jr., son of Mr. and Mrs. Harry B. George of 3010 Fifth avenue, and George O. O'Neill, son of this city. News of their escape was contained in a telegram received from New York yesterday by Mrs. George. Young George, according to his telegram, was on his way to the Morgan bank, where he had an appointment at noon, but stopped for a few minutes two blocks away to talk to Oliver, whom he met accidentally. When he returned, he followed the next minute. Both boys were thrown to the ground by force of the explosion, but were not injured.

FEDERAL BUILDINGS PUT UNDER GUARD.
CHICAGO, Sept. 12.—Acting under orders from Washington, officers of the Federal Reserve Bank in Chicago today placed special guards and secret service men on every floor and around the building.

Chief of Police Garrity appointed a special detail of police to investigate recent activities of several alleged radicals known to the police.

SEATTLE, Sept. 12.—The United States Army Office and the Seattle branch of the Federal Reserve Bank of San Francisco today at the request of secret service agents. They announced they were acting under instructions from Washington.

CALIFORNIA CITIES IN CENSUS FIGURES.

LOS ANGELES DAILY TIMES

POINT TO NEEDS OF RECLAMATION

Northwest Congress in Favor of Appropriation.

Would Solve Problem of World Food Shortage.

Department of Interior Pledges Co-operation in Work.

SACRAMENTO TO BE FULL OF POLITICIANS.

FOUR CONVENTIONS IN STATE CAPITAL ARE SCHEDULED FOR NEXT WEEK.

SEATTLE, Sept. 17.—Resolutions recommending that Congress adopt a national reclamation program to be carried out under the direction of the Interior Department, and that \$250,000,000 be appropriated to begin the work, were before the Northwest Congress in session today.

The resolutions came in the form of a report of the committee on organization and reclamation. Another recommendation was that the Western States Reclamation Association create an education and legislative committee of seven members, composed of three members from the Western States Reclamation Association, and one member each from the American Legion, the Sacramento Valley Development Association and the Northwest Reclamation Association.

SOLVE FOOD PROBLEM.

Reclamation will solve the problem of food production and enable the government to pay its debt to former service men and women, speakers declared.

With food reserves of the world depleted by the war, additional land must be placed under cultivation and reclamation work must be placed on the farms if normal conditions are to be restored, asserted Arthur F. Davis, director of the United States Reclamation Service. Mr. Davis, speaking in behalf of John Barton Payne, Interior Secretary, pledged co-operation of the department in the work of the congress.

LEAGUE ELECTS.

James A. Johnson of Shelby, Mont., was elected President of the Northwest Reclamation League at the closing session of the business conference today. He is today president of the Toole county irrigation district and has been identified with irrigation work in Montana.

At the date and place of the next meeting of the league was left to a committee for later report.

HEAR SENATOR McNARY.

In the afternoon discussion of projects of the West Senator McNary of Oregon spoke in favor of the Fletcher-Smith bill now pending before Congress, which would permit the government to take over the irrigation districts to promote the irrigation of waste lands. He said he did not believe Congress could be induced to give enough money under direct appropriation to carry out the project. Full co-operation by the railroads was assured by E. C. Leedy, agricultural development agent of the Great Northern Railroad. Harry M. Adams, vice-president of the Union Pacific system, and other railroad officials also attended the conference today. Other railroad representatives who spoke were R. M. Robinson, vice-president of the Chicago and North Western, and St. Paul Railroad, and Judge George T. Reid of Tacoma, assistant to the president of the Northern Pacific.

ARCTIC EXPLORER MAY LOSE SHIP ON FLOES.

FEAR AMUNDSEN MAY HAVE TO ABANDON ATTEMPT PARTY IN DANGER.

SEATTLE, Sept. 17.—Capt. Roald Amundsen, whose Polar expedition ship The Maud is wedged in the ice south of Cape Ferg, on the Siberian coast, is in danger of losing his vessel and may be forced to abandon his attempt to reach the North Pole, according to a report today from Nome.

Dr. Condit said word was received of the plight of The Maud just as the steamer Victoria sailed from Nome and that the residents of that city are greatly concerned over the fate of the explorer. The vessel is heavily laden with food, clothing and the rockbound Siberian coast and is in danger of being ground to pieces by the ice.

Dr. Condit spent considerable time with Capt. Amundsen, while the expedition was at Nome.

"Amundsen is a brave, but in excellent physical condition," said the doctor. "When he left Nome on route to Wrangell Island to pick up the arctic current which he hoped would carry him to the pole, he had five years' provisions on The Maud. He has a crew of four men and a few Eskimos."

The Victoria brought in a collection of curios and skins collected by Amundsen during his voyage through the northwest passage from Norway, which the explorer is shipping to his brother in Christiania.

WET CANDIDATE WINS IN LOUISIANA PRIMARY.

BOUSSARD RAN ON PLAN FAVORING MODIFICATION OF VOLSTEAD ACT.

NEW ORLEANS, Sept. 17.—Edwin S. Broussard, New Iberia, La., who announced in his campaign speeches that he stood for a modification of the Volstead act so that light wines and beer could be enjoyed by the people of the United States, has been nominated for United States Senator by the voters of Louisiana, showing that they favor a modification of the Volstead act. Broussard received a total of 231 votes tonight, while Congressman Jared Y. Sanders, his nearest competitor, had only 19,233, and Daniel S. Caffery had 11,141. Broussard carried the city of New Orleans by a margin of 11,000 and the Creole parishes of South Louisiana by big majorities and his headquarters, in announcing his nomination tonight, said that Mr. Broussard intended to live up to his campaign promises and fight for a modification of the Volstead act. He is a brother of "Volstead Bob" Broussard, who died two years ago.

CORK'S LORD MAYOR HAS LITTLE SLEEP.

HUNGER STRIKER NOW ON THIRTY-SIXTH DAY OF VOLUNTARY FAST.

LONDON, Sept. 17.—Lord Mayor Terence MacSwiney of Cork, who today began the thirty-sixth day of his hunger strike at Brixton prison, passed a somewhat better night and had a little sleep, said a bulletin issued this morning by the Irish Self-Determination League.

The bulletin said the prisoner had suffered in his limbs and back continued, but that he was not suffering from the pain in his head from which he had frequently complained. It was declared a doctor had found him weaker, but that he was still conscious.

In his report to the house of commons the physician at Brixton prison declared there was no change in the Lord Mayor's condition except that a gradual deterioration was noticeable daily.

POWER COMPANIES ARE GRANTED RATE RISES.

SAN FRANCISCO, Sept. 17.—Rate increases, averaging 15 per cent and 10 per cent, respectively, were granted the Southern Sierra Power Company and the Holton Power Company by the State Railroad Commission here today.

The Southern Sierra company supplies electric energy to Riverside, San Bernardino, Kern, Inyo and Imperial counties. The Holton company supplies like energy to Imperial Valley points.

Adobe

the Building Material That Endures

—as Permanent as Brick or Tile and Costs Less Than Half as Much!

In its modernized form, adobe is by far the most practical and economical building material available. It is practically impervious to time, is immune to changing weather conditions and is splendidly adapted to California's climate and traditions.

And the beauty of Walnut Park's "Modernized Adobe" homes! Just take a look at the one shown above! Notice the classic lines, the harmonious beauty of the whole structure! No photograph can do these beautiful homes justice. The interior is a masterpiece of the decorator's art and a model of efficient arrangement. It occupies a 60-foot frontage in Walnut Park and is priced at only \$12,000.

Go out to Walnut Park—see these adobes with your own eyes.

Bus leaves 522 1/2 S. Hill street today at 10:30 a.m. (First door south of B. & M. Cafeteria, opposite Pershing Square.) Free luncheon specially prepared. Delicious hotel cooking. Other excursions Tuesday, Wednesday, Thursday and Friday.

The beauty of these homes is greatly enhanced by their charming surroundings—they're situated in the heart of a veritable forest of friendly, shady walnut trees, vast expanses of green lawn and a myriad of lovely flowers. The backyards in Walnut Park are wide and paved. You have all city conveniences, but you don't pay city taxes! You can get a home site in this "home of real homes" for as little as \$900, paying for it on convenient terms. If you can't join us on our trip, come out by yourself. Take Huntington Park yellow car (5c fare) going East on Seventh street or drive south to Shattuck avenue, east to Long Beach Blvd., then south to the Park, which is backed by such men as:

The Times

LOS ANGELES

SATURDAY MORNING, SEPTEMBER 18, 1920.—PART II: 12 PAGES.

POPULATION 1,270,000 (1920) 1,100,000 (1910)

ENGINEER URGES PLAZA PLAN ON CITY COUNCIL.

Now's Time to Act on Union Terminal, Sachse Says; Warns of Perils in Scheme Railways Back.

Following is a statement of the comparative costs of the Plaza plan and of the railroad companies' scheme for a union terminal and for grade-crossing elimination, as given yesterday by Chief Engineer Sachse of the State Railroad Commission to the City Council:

| ESTIMATED COSTS OF PLAZA PLAN | ESTIMATED COSTS OF RAILROAD COMPANIES' SCHEME |
|--|--|
| Grade-crossing elimination, including bridge over the river, and other improvements, including the cost of the Plaza plan, estimated at \$1,100,000. | Grade-crossing elimination, including bridge over the river, and other improvements, estimated at \$1,100,000. |
| Union terminal, estimated at \$1,100,000. | Union terminal, estimated at \$1,100,000. |
| Additional improvements, estimated at \$1,100,000. | Additional improvements, estimated at \$1,100,000. |
| Total, estimated at \$3,300,000. | Total, estimated at \$3,300,000. |

"The Southern Pacific is fully justified in pointing out to us the cost of 'crapping' expensive temporary improvements such as the Arcade Station," said the engineer. "Think then, of the greater loss which would result from the adoption of a broader plan which would not meet the needs of the community in the course of time."

Engineer Sachse appeared before the Council by request to explain certain features of his comprehensive report on the union terminal and grade-crossing elimination. Many opponents of the Plaza plan were on hand, including Southern Pacific, Salt Lake and Pacific Electric railway officials, but they had no voice at the meeting, since the plan that had been made it plain that it had held an open hearing on the report and that Engineer Sachse could appear before the Council and answer its questions.

At the conclusion of the hearing the Council, which had been sitting as a committee of the whole, adjourned. President Workman expressed the opinion that some action might be taken in regard to the terminal report in the near future, but doubted that the Council could go further than to approve some larger number of grade crossings at the earliest possible moment.

Figures presented by Engineer Sachse appeared completely to upset estimates in favor of the Arcade site given by H. B. Titcomb at the State Railroad Commission hearing two weeks ago. Mr. Sachse pointed out that one exhibit drawing a comparison between the Plaza and Arcade sites estimated the cost of the Plaza plan at \$1,100,000 and that of the Arcade plan at \$3,300,000.

"According to Mr. Titcomb's testimony, the difference of \$2,200,000 indicates the measure of superiority in terms of lower cost of the Plaza plan over the Arcade plan," said Mr. Sachse. "I stated at the hearing that this exhibit was neither a correct nor a fair comparison between the two plans."

MATTER OF FACILITIES.

The engineer then explained that the difference was gained by offering the public a plan to accommodate two steam roads and an electric line rather than all the roads, the plan being incomplete in many details. He pointed out that the Titcomb plan does not call for grade crossing elimination along the River, Angeles River, and San Gabriel River, and that a fair comparison could not be made merely by considering the relative amounts of money involved, but must be based upon the character and extent of facilities afforded.

"On the one hand," said the engineer, "we have a plan which will completely take care of the transportation needs of the city for practically all time to come, accomplishing at the same time the larger measure of grade-crossing elimination. On the other hand, we are offered a temporary and partial improvement of certain features only of the present unsatisfactory steam railroad and electric interurban transportation situation, with a partial grade-crossing elimination."

The Southern Pacific-Salt Lake plan recognizes and fills the need for a partial union passenger depot, leaving out of consideration altogether the needs of the Santa Fe. The plan is admittedly designed to serve the immediate needs and interests of three carriers (Southern Pacific, Salt Lake and Pacific Electric) only, and even for those three roads alone it is not a permanent solution. In our opinion, the facilities at the Arcade site, however derided the Titcomb plan, would be insufficient even for the needs of the Southern Pacific-Salt Lake traffic in a comparatively short time, probably not exceeding ten years.

The one plan, admittedly, proceeds without regard to the needs and interests of Los Angeles from the civic and city-planning standpoint, the needs of the recently railroad companies being considered paramount. The other plan has as one of its chief characteristics the aim to satisfy every legitimate need.

FOR NEW STEAMSHIP LINE.

Steamship Chief Tells Plan to Form Fifteen Million Dollar Concern.

Establishment in the near future of a \$15,000,000 steamship company, to be known as the Los Angeles-China Line, and to be financed by Los Angeles and Chinese capital, was promised last night by Fred L. Baker, president of the Los Angeles Pacific Navigation and Los Angeles Steamship companies, at a banquet given by the Chinese Chamber of Commerce to the officials of the conference at the Fair Cate, 101 North Los Angeles street.

"We have in mind a new line of passenger and freight ships, to be called the Los Angeles-China Steamship Company, in which Los Angeles men and your progressive merchants in China will share the financial responsibility," he told his audience of thirty prominent steamship men and leading business men of the Chinese colony in Southern California.

Mr. Baker was followed by A. J. Frey, general manager; Leo S. Chandler, secretary; Marius De Brabant, vice-president, and E. L. McDonald, general freight agent of the shipping concerns, and H. M. Leaf, of the True Insurance and Trust Company and the Los Angeles Shipbuilding and Dry Dock Company. W. C. Barnett, a veteran steamship man; Quan Kai, Chinese capitalist, and Lew Sing Kai, president of the Los Angeles Chinese Chamber of Commerce, were the other speakers.

Mr. Thing, the Chinese freight agent of the Los Angeles Pacific Line, and Au Solon, secretary of the Chinese consulate in Portland, Ore., were among the principal guests. The speeches in Chinese were interpreted by Y. E. Hall, Chinese merchant of Santa Barbara.

"That Los Angeles is ten days nearer to Hongkong than any other port on the Pacific, and that the service of the Los Angeles Pacific Navigation Company's steamers will bring the commercial interest of China much closer to Los Angeles, was the statement of Mr. Frey. Dr. Davidson, secretary of the Department of Commerce and Department of Labor looking toward the establishment here of a Chinese station," he said.

"The business men of the world are now looking toward the Orient as the future market, and the business men of Los Angeles, anticipating the trend of the commercial development, have prepared for this great opportunity by forming the Los Angeles Pacific Navigation Company, through which we hope to develop not only the commercial relations, but also the friendship that has existed between China and this country for so many years." Mr. Leaf said in the course of his address.

STREET CAR IS DERAILED BY FLIVVER.

One-Man Coach Gets Worst of Collision; Three Young Motorists Are Injured.

In a collision at West Avenue 26 and Workman street last night, a flivver driven by Benny Ogil, aged 16, 134 West Thirtieth street, knocked a one-man street car off the track and into another one-man coach which was coming in the opposite direction. The street car, owned by the Pacific Electric Railway, was driven by Ogil, Miss Mildred Strawn, aged 16, 116 West Avenue 26, and Victor March, aged 16, 2122 South Grand avenue, all of whom were riding in the small touring car, were injured and were taken to the Receiving Hospital.

The Ogil boy has a severe concussion on his head and suffered from internal injuries, and the March boy escaped with a few cuts.

According to a police report, the Griffith and Griffin avenue line, out-bound car No. 1035 of the Pacific Electric Railway, was derailed and the machine wrecked. One-man car No. 1023 of the same line, bound for Griffith and Griffin avenue, was stopped just in time to stop the other street car's flight across the tracks. Passengers were shaken up, and several were cut by flying bits of glass, but none was taken to a hospital.

Police detectives are investigating the accident.

LAND BILL UP AGAIN.

American Legion Will Back New Plan to Get Veterans onto Farms.

Hearings will be opened in the American Legion Building next week for a partial union passenger depot, leaving out of consideration altogether the needs of the Santa Fe. The plan is admittedly designed to serve the immediate needs and interests of three carriers (Southern Pacific, Salt Lake and Pacific Electric) only, and even for those three roads alone it is not a permanent solution. In our opinion, the facilities at the Arcade site, however derided the Titcomb plan, would be insufficient even for the needs of the Southern Pacific-Salt Lake traffic in a comparatively short time, probably not exceeding ten years.

The one plan, admittedly, proceeds without regard to the needs and interests of Los Angeles from the civic and city-planning standpoint, the needs of the recently railroad companies being considered paramount. The other plan has as one of its chief characteristics the aim to satisfy every legitimate need.

REDS DESPOIL RUSS SHRINES.

Los Angeles Rector Returns from Faith Conference.

Met Kiev Bishop, Last of Two Left in Terror's Wake.

Site for New St. John's Here Soon to be Purchased.

Russia's theological seminaries have been closed, publication of all religious literature is prohibited there and the churches have been despoiled of all their wonderful decorations and their books, according to information brought here yesterday by Dr. George Davidson, rector of St. John's Episcopal Church, on his return from the Faith and Order Conference held at Geneva, Switzerland.

Dr. Davidson attended numerous conferences during his trip abroad and it was while he was in Geneva attending the first conference ever held where all the churches of Christendom were represented, that he met one of the two remaining bishops of Russian, the bishop of Kiev.

According to the bishop's statement the churches and closed all the theological seminaries. Should the Bolshevik power pass, the bishop told Dr. Davidson, it will be an enormous task to re-establish the churches. During the height of the Red reign of terror, 200 priests were executed, Dr. Davidson was told, and the church at this time is in such a demoralized condition that reorganization is almost impossible.

Wife Refused Her Approval of Ministry.

Dr. John Q. Robinson, farmer, school-teacher, minister of the Methodist Church and lecturer, was granted a divorce from Mary E. Robinson on the ground of desertion in Judge Jackson's court yesterday. The testimony was a story of ambition, a fight against poverty and in late years of self-sacrifice to keep his daughter in college.

Dr. Robinson subsequently inherited \$14,000 and of this amount he gave his wife a large sum; also, the house he had taken up and the furniture. He told the court that his wife was not in sympathy with his ministerial work and made things unpleasant about the house. When he decided to come to California he wanted her to come with him, but she refused to do so. He said she was in the Middle West and is taking boarders. Out of his earnings as a lecturer of \$2000 a year Dr. Robinson sends his daughter \$125 a month, leaving him \$600 a year for his own support.

FOUR HELD ON DRUG CHARGE.

Fong Hsi, a Chinese woman, declared by the police to be a drug peddler, and Mr. and Mrs. Fred Hevan and Robert Hanley, were taken into custody yesterday by Central Avenue Police Detectives O'Brien and Yarrow and Inspector Hoden, and charged with violation of the State poison laws. The arrested officers state that the Chinese woman had a quantity of narcotics in her possession when arrested and that the other prisoners are drug users.

ATTENDANCE WITH POPE.

Following this conference, he journeyed through England, Scotland, France, Belgium and Italy, had an audience with the Pope, and visited many of the famous religious centers of the Old World.

While at St. Albans, Eng. Dr. Davidson secured one of the carved stone angels' faces which will be used in the construction of the new St. John's Church here. The stone was taken from the cathedral in the fourteenth century. A stone was also secured from the cathedral at Canterbury and this will be set in the new church here.

Dr. Davidson spent some time at the home of his father in Elton, Scotland, and visited the tomb of Sir Walter Scott.

The thing that impressed him most, stated Dr. Davidson, was the European countries view the United States. He said that in England the people are under the impression that this country is giving aid to and in full sympathy with Ireland. France, America is generally viewed with suspicion because of the failure of this country to sign the peace treaty. He said that the other countries view us in the same manner.

Speaking of the new church building, Dr. Davidson said that it could not be discussed in detail at this time because the site has not yet been finally decided upon. It is expected, however, that the ground purchase will be made shortly.

PROBATION DENIED.

AUTOMOBILE THIEF.

Fred S. Jones, who pleaded guilty to a charge of defrauding T. B. Moorhead of 514 West Pine street, his employer, out of an automobile and selling it later at Salt Lake City, failed yesterday in his attempt to obtain probation. His application was denied and Judge Willis sentenced him to an Quentin for more than ten years.

SMASH PLATE GLASS AND ROB FUR STORE.

Furs valued at more than \$1000 were looted from the windows of the T. V. Grant Company at 721 West Seventh street early yesterday morning by a burglar smashing the window with a hammer and then loaded the furs in an automobile.

TWO LOCAL PRICE QUIZ AGENTS OUT.

One Suspended, One Resigns; Retrenchment Reason Given for Their Going.

J. K. Mellone and C. C. Wall, special agents of the Department of Justice, have been dropped from the rolls of the local office, government economy and retrenchment being assigned as the reason for dispensing with their services several days ago.

It transpired yesterday that Mr. Wall was suspended by Special Agent Connelley, while Mr. Mellone is understood to have handed in his resignation. It is stated a report has been made to the Department of Justice in Washington concerning the severance of the two agents' connection with the local office.

These agents had been interviewing local merchants on the subject of the high cost of living for the past several months. Mr. Connelley is authority for the statement that relations between the agents and persons whose businesses they were investigating were not as formal and official as they might have been. Upon learning this, he says, he asked for and received Mr. Wall's resignation and accepted Mr. Mellone's resignation to be forwarded to Washington.

Wife Refused Her Approval of Ministry.

Dr. John Q. Robinson, farmer, school-teacher, minister of the Methodist Church and lecturer, was granted a divorce from Mary E. Robinson on the ground of desertion in Judge Jackson's court yesterday. The testimony was a story of ambition, a fight against poverty and in late years of self-sacrifice to keep his daughter in college.

Dr. Robinson subsequently inherited \$14,000 and of this amount he gave his wife a large sum; also, the house he had taken up and the furniture. He told the court that his wife was not in sympathy with his ministerial work and made things unpleasant about the house. When he decided to come to California he wanted her to come with him, but she refused to do so. He said she was in the Middle West and is taking boarders. Out of his earnings as a lecturer of \$2000 a year Dr. Robinson sends his daughter \$125 a month, leaving him \$600 a year for his own support.

FOUR HELD ON DRUG CHARGE.

Fong Hsi, a Chinese woman, declared by the police to be a drug peddler, and Mr. and Mrs. Fred Hevan and Robert Hanley, were taken into custody yesterday by Central Avenue Police Detectives O'Brien and Yarrow and Inspector Hoden, and charged with violation of the State poison laws. The arrested officers state that the Chinese woman had a quantity of narcotics in her possession when arrested and that the other prisoners are drug users.

ATTENDANCE WITH POPE.

Following this conference, he journeyed through England, Scotland, France, Belgium and Italy, had an audience with the Pope, and visited many of the famous religious centers of the Old World.

While at St. Albans, Eng. Dr. Davidson secured one of the carved stone angels' faces which will be used in the construction of the new St. John's Church here. The stone was taken from the cathedral in the fourteenth century. A stone was also secured from the cathedral at Canterbury and this will be set in the new church here.

Dr. Davidson spent some time at the home of his father in Elton, Scotland, and visited the tomb of Sir Walter Scott.

The thing that impressed him most, stated Dr. Davidson, was the European countries view the United States. He said that in England the people are under the impression that this country is giving aid to and in full sympathy with Ireland. France, America is generally viewed with suspicion because of the failure of this country to sign the peace treaty. He said that the other countries view us in the same manner.

Speaking of the new church building, Dr. Davidson said that it could not be discussed in detail at this time because the site has not yet been finally decided upon. It is expected, however, that the ground purchase will be made shortly.

PROBATION DENIED.

AUTOMOBILE THIEF.

Fred S. Jones, who pleaded guilty to a charge of defrauding T. B. Moorhead of 514 West Pine street, his employer, out of an automobile and selling it later at Salt Lake City, failed yesterday in his attempt to obtain probation. His application was denied and Judge Willis sentenced him to an Quentin for more than ten years.

SMASH PLATE GLASS AND ROB FUR STORE.

Furs valued at more than \$1000 were looted from the windows of the T. V. Grant Company at 721 West Seventh street early yesterday morning by a burglar smashing the window with a hammer and then loaded the furs in an automobile.

MAYNE ALMOST WITHOUT CELL.

Stay Granted by Court, but He's at San Quentin.

Will Be Here Soon, Asserts Defending Attorney.

Sheriff and Prison Warden May Have Some Say.

Fred H. Mayne, convicted bank robber, is almost a prisoner without a cell as a result of legal twists and quirks which developed yesterday when a stay of execution of his one-to-five-year prison sentence was granted by Department No. 2, District Court of Appeal.

The court order merely means that what time Mayne serves in San Quentin while awaiting his appeal will not be a part of his maximum sentence. Chief Judge Phillips, in such a contingency, however, "no provision was made as to where the defendant shall be kept. He is remanded to the custody of the Sheriff."

"If the Sheriff's attorney believes Mayne should be brought back," asserts Chief Deputy Sheriff Manning, "we probably will decide sometime tomorrow to send him after him."

It was learned from San Quentin that the warden there might have something to say about the matter. Word was received there late yesterday from Mr. Doran that the warden could not release Mayne on the present order of the court, in fact, not until a writ of habeas corpus could be issued.

Mayne was taken to San Quentin from County Jail here because of his supposed attempt a few days ago to break jail.

Meanwhile, the center of this controversy has escaped the ignominy of having his head shaved because of a court order was sent to San Quentin while the motion for allowance of the stay was being heard.

ORANGE GROWER RICH.

Will of San Dimas Man Distributes Whole Fortune to Relatives.

Robert F. Walker, an orange grower of San Dimas, who died on August 1, last, left an estate of \$121,050, according to a will filed for probate yesterday. Most of the property is in the form of real estate and stocks and bonds in Los Angeles county. The real estate is bequeathed to his wife, Mrs. Walker, a sister and Henry Y. Walker, a brother, and the mother, Mrs. M. Walker. The stocks and bonds are left to Miss Walker, Mrs. Walker, and Mrs. Carruthers, Visalia. Ruth Walker, Mrs. Walker, and James W. Walker, Jr., nieces and nephew.

Why Not Buy that NEW EDISON Today?

You've been planning to buy it for months—ever since you heard it last time at a friend's house. Remember what you said?

"Really, it's incredible! I could swear Anna Case was right here in the room. I don't doubt their claim about the tone test—that you can't tell the living artist from the instrument when you hear them together."

Remember how the evening flew—how your friend played one RE-CREATION after another?

Why delay any longer? Why not have the New Edison sent out today as a surprise to your family? If you don't feel like paying in full we can arrange for payments at intervals. You gain nothing by delaying. It won't wear out, you know. It will outlive you.

Complete Catalog of Edison Photographs and Records free on request. If you cannot call, phone or write for them.

Riverside—Long Beach—San Diego

PASTORS BEGIN FALL WORK.

New Season's Programs Include Cinema Showings and Popular Talks.

Congregations of Los Angeles churches are promised a season in which moving pictures will play a large part. Nearly all the local pastors have returned from their vacations and, as the wide variety of subjects announced for tomorrow indicates, are settling down to their work with earnestness for the coming fall and winter season.

Many changes in ecclesiastical programs are noticed in many of the churches, tending to show the necessity of altered religious effort in correcting current activities. Following the adoption of the cinema picture as a feature of the evening service by one Los Angeles church, several others now show screen productions regularly on Sunday evenings. Tomorrow "Crater Lake" will be shown at the Temple Baptist Church, and Charles Ray in the "Pinch Hitter" at the First Congregational Church.

Spiritism and theosophy have become popular subjects for discussion in form topics for addresses at Westlake Presbyterian Church, St. Paul's Pro-Cathedral and Immanuel Presbyterian Church tomorrow. Pastors of other churches will speak on such current subjects as "Capital and Labor," "The Religion of the Presidential Nominees," "The Public and Marriage," among the chief events in church circles for this week and the coming week. George Davidson, rector of St. John's Episcopal Church, from conferences in Europe, and Dr. Herbert Rogers, of the University of Southern California, will take charge of an eastern church.

PASTOR FROM CHINA.
Rev. Charles Boynton of Shanghai, China, will speak on "Overcoming the Yellow Peril" tomorrow morning. Dr. James Whitcomb, pastor of the Temple Baptist Church, will address on "Power, Where and How to Get It." At the evening service Dr. Rogers will continue his address on "Experiences and Famous Places" with a talk on his visit to the Mammoth Cave, Nevada, and Dr. Hastings at the organ.

"PINCH HITTER."
The "Pinch Hitter," a cinema picture featuring Charles Ray, will be shown at the evening service at the First Congregational Church tomorrow. Dr. Carl S. Patton, pastor, will give a brief address on "Believe in Yourself."

THEOLOGY EXPLAINED.
WESTLAKE PRESBYTERIAN.
"Are there spirits that travel to and fro on the earth, having left their former abodes, haunt the human race?" Dr. G. A. Briggs, minister, will answer this question in his sermon on "Theology, Is It Heaven or Hell?" at the Westlake Presbyterian Church tomorrow evening. At the morning service Dr. Briggs will speak on "Laborers Together with God."

DR. ARTHUR E. PHILLIPS.
FIRST METHODIST CHURCH.
Dr. Arthur E. Phillips, a former well-known Los Angeles pastor, will preach at both services at the First Methodist Episcopal Church tomorrow. At the morning service his sermon topic will be "What is Your Life?" and in the evening service "The Church of the Future." Special musical selections have been arranged under the direction of John A. Van Dusen, including solos by Harry S. Robinson, Mrs. Annie Helen Stadden, and Duett by Mrs. Stadden and Mrs. Van Dusen.

WILSHIRE PRESBYTERIAN.
The Wilshire Presbyterian Church will hold a ground-breaking service on the church lot at the corner of Third street and Western avenue tomorrow at 10 a.m. The service will mark the beginning of the construction for the new church building. The chief address will be made by Dr. Hugh E. Walker of the First Presbyterian Church. The church quarters will also be dedicated at the same time. The church is located on the corner of Third street and Western avenue. The new building will be a modern structure of brick and stone. The church is a member of the Presbyterian Board of Christian Education in America.

PUBLICITY DIRECTOR.
TRINITY METHODIST CHURCH.
Rev. Joel Frank Hedges, publicity director of the Los Angeles conference, will preach at the Trinity Methodist Episcopal Church at both morning and evening services tomorrow. His sermon topics will be "Hilltops of Holiness" and "The Church of the Future." Special musical selections have been arranged by the church choir.

ON VIVISECTION.
BLANCHARD HALL.
The proposed amendment limiting vivisection in California will be the chief subject of an address by Raymond E. Blight before the Church of the People at Blanchard Hall tomorrow morning. In a series of lectures on his sermon on "The New Judgment," Mr. Blight will discuss the various amendments on which the electors will vote in November. Dr. Axel Emil will address the assembly at 10 a.m.

"THE SILENT CHALLENGE."
FIRST BAPTIST CHURCH.
The silent challenge of the "Pinch Hitter" will be the subject of a sermon by Dr. James A. Francis at the First Baptist Church tomorrow morning. Dr. Francis will talk on his sermon topic, "What is Expected of You?" as a song service will precede the sermon.

WILL GIVE PAGEANT.
PICO HEIGHTS CHRISTIAN.
As an opening event for a school of missions, the Pico Heights Christian Church, 1214 South Herndon street, will hold a pageant tomorrow at 8 p.m. entitled "Christ in America," in which about twenty-five persons will take part under the direction of Miss Florence Pack and Mrs. John L. Thompson. The pageant will show the development of the home mission idea. The school will open the following Sunday and will continue for six weeks.

RECTOR RETURNS.
ST. JOHN'S EPISCOPAL.
Dr. George Davidson, rector of St. John's Episcopal Church, has returned from Europe, where he attended the Lambeth conference.

Go To Church Sunday

PRESBYTERIAN.

per cent, the greater earnings this

rank being due, he explained, both

to the surcharges allowed by the

commission last April and a greater

water supply than was anticipated.

The keen competition in the

money market and the advanced

cost of money were brought out

by Mr. Kern. It takes twice as

much credit to conduct business now

as formerly, he said. He submitted

a tabulation showing that the yield

of high-grade securities have in-

creased from 4 and 5 per cent to

7 and 8 per cent. As a result of

this competition, Mr. Kern said, in-

vestors have to be assured of a con-

tinuous high yield and of ample se-

curity.

The hearing will be resumed at

10 a.m. today.

DECLARES MEXICAN

CONSTITUTION JUST.

URINE DISAGREES WITH VIEWS

OF SR. VERA-ESTANOL ON

PROPERTY LAWS.

LOS ANGELES, Sept. 18.

To the Editor of The Times:

In your editorial, "Mexico, Past

and Present," published on the 10th

inst., you apparently accepted the

contention of Senor Vera-Estano

that the provisions of the Mexican

Constitution of 1917 "are in direct

conflict with the principles of equity

and the demands of national wel-

fare," in so far as they relate to the

ownership and operation by foreign

individuals and corporations of

property and concessions in Mexico.

It should be borne in mind that

Senor Vera-Estano is not an un-

biased authority. That talented and

well-known gentleman, once Secre-

tary of the Interior and of Public

Education of Mexico, cannot forgive

or forget that in the throes of revo-

lution someone else has taken his

high position and that his vast in-

fluence and most cherished ambitions

have been destroyed. It is to be

regretted that he permits his vision

to be distorted by personal resent-

ment and embittered by reflections

upon his past hopes and ambitions

for personal power and position,

which in his modest private office in

a foreign country he now feels can

never be realized.

Can the people of the United

States consistently criticize the

visions of the Mexican law regulat-

ing the business of foreign corpora-

tions, in view of the fact that the

laws of the United States absolutely

prohibit a foreign corporation from

owning property or doing any busi-

ness whatever in the United States?

In effect, under your law, when a

foreigner acquires property or con-

cessions in the United States, he

must abide by the laws of the United

States—and you will not permit

his Ambassador in Washington to go

to your President and demand that

property rights must be determined

according to the laws of England,

Mexico or any other foreign na-

tion.

Mexico does not exclude the citi-

zens of this or any other foreign

nation, nor does Mexico prohibit

ownership of property or conces-

sions by foreigners.

If it is proper and right for the

United States to declare that a

foreigner must hold his property

and concessions in the United States

subject to the laws of the United

States, without regard to the laws

of his own nation—if it is proper

for your nation to absolutely ex-

clude all foreign corporations, as well

as certain foreign individuals from

owning any property whatever in

the United States—how can anyone

consistently assert that it is not

proper for Mexico to make a simi-

lar, though much less drastic, pro-

vision with regard to foreigners who

acquire property and concessions in

Mexico?

Mexico wants the friendship and

assistance of her own citizens and

of the citizens of your great coun-

try, and we appeal to the fair

judgment of the American people

so that they will not be misled by

the criticisms and comments of dis-

appointed politicians and other en-

emies of our country. We feel as-

ured that the present administra-

tion of Mexico will establish "a re-

gime of law and justice," recognis-

ing the rights of investors, whether

native or foreign; and our nation

ask to be judged by the same rules

of justice and equity which your

nation demands shall be applied in

passing judgment upon her own

affairs.

It is a matter of common knowl-

edge that no constitution or law can

be written so that it will be abso-

lutely perfect. If it is found that

our constitution works an injustice,

our government stands ready to cor-

rect its faults—just as you have cor-

rected the faults which you have

found in your constitution and in

your laws. But we do protest

against the administration against us,

which are quoted in your editorial,

when it is evident that those accu-

sations are founded solely upon

provisions of our constitution which,

as above shown, are similar to, but

much less severe, than the provi-

sions of your own laws in regard to

the same identical matters.

Very truly,

(Signed) RICARDO URIBE.

MERCHANT A FUGITIVE.

Arrested with Sailor and Girl, He

Escapes from Police.

Police detectives yesterday began

a search for a Venice merchant

who, after having been arrested in

company with a sailor and two

young girls in a diversionary safe

early yesterday morning, escaped from

Central Police Station while

being questioned. The police say

they have the man's name.

The merchant, Ida Klatt, 18 years

old, 405 East Fifth street, is a

runaway girl. Mrs. Barbara Sanders,

23 years of age, and a sailor from

the battleship Mississippi, were lo-

cated in an all-night cafe. On ac-

count of the extreme youth of the

Klatt girl, an investigation was made

and the four were taken to the

police station.

Officers stated yesterday that the

sailor will be related to the naval

authorities, while the girls will be

held for investigation.

CARE TO JURY MONDAY.

With the prosecution and defense

attorneys all in the case of Dr.

Frank P. Pratt, charged with Pe-

lice Judge Frederickson's court, will

go to the jury early Monday morn-

ing. Dr. Pratt is charged by the

State Medical Board with practicing

medicine without a license. Follow-

ing his arrest some time ago, the

doctor entered a plea of not guilty

and asked for a jury trial.

FOUR DENY MURDER GUILT.

Plea of not guilty of the murder

of McCullough Graydon, real estate

operator slain at Venice in a fight

over possession of both old and new

over possession of both old and new

made yesterday in Judge Willis's

court by Mrs. Maybelle Roe, Oscar

V. Rogers, Edward P. Doane and

Julia Doane. The case was con-

tinued until the 18th inst. to be

set for trial.

Pasadena Furniture Co.

Ten Floors—In a Location that Enables Us to Sell for Less

Special Offer!

This Davenport

Covered to your order with your choice of any tapestry or velour in our stock.

\$148.50

—Made throughout of excellent materials by conscientious workmen, this davenport is luxurious and comfortable and will give many years of satisfactory service.

—Sold in the usual way it would cost nearly twice as much, but by special arrangement with the manufacturer and because of our comparatively low overhead expense we are able to offer it to you for very little more than it would ordinarily cost in a temporary covering of denim or covert cloth.

—In addition you may choose the covering to be used from a wide range of colors and designs in velour or tapestry of excellent quality embracing every piece in our splendid assortment of yardage goods. Chairs and rockers may be obtained to match if desired, thus enabling you to secure a complete matched set of the most desirable living-room furniture at a considerable saving.

Delivery can be made usually within twelve days from time order is placed.

—For Better Service—

Store Closed Today at Noon and Every Saturday in the Year

—Under the stress of our constantly growing business every one in our organization is putting their shoulder to the wheel and cheerfully assuming added responsibilities so that our customers might not lack for good service even though conditions are abnormal.

—All during the Summer months our employees have been keyed up to concert pitch and the Saturday noon closing has afforded an opportunity for rest and relaxation from strenuous labor that has been greatly appreciated.

—We feel that the good service maintained under these conditions has been due in a large measure to this respite and so we are constrained to grant it during the rest of the year.

—We feel sure that the public will co-operate with us in this effort for better working conditions and better service by giving us the full measure of their patronage during the morning hours on Saturdays and we know our employees will respond by giving you a full measure of service as they have in the past.

Let us all join in the effort to make the world a better place in which to live.

It's a Starved Skin That Gets Dry and Rough

that gives you lines and wrinkles before you know it.

CRÈME ELCAYA is the ideal treatment for your skin during the day. It is non-greasy—just a harmless cream that the hungry skin absorbs.

Try this simple formula:—A little CRÈME ELCAYA rubbed gently into the skin; then if you need color, a very little rouge applied carefully over the cheeks before the cream is quite dry; and after that, the film of ELCAYA face powder over all.

CRÈME ELCAYA is a delightful, non-greasy, disappearing toilet cream that makes the skin like velvet.

Your dealer has ELCAYA and has sold it for years. Ask him.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

This whole condition is a warning that nature needs assistance in giving the system a general house-cleaning.

Nearly everybody needs a few bottles of S.S.S., the great vegetable blood remedy, to cleanse out all

impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

GRATITUDE TO TANLAC UNBOUNDED SAYS NURSE

After Months of Suffering From Stomach Trouble and Effects of Flu She is Now Restored to Health—Gains 27 Pounds.

"I have gained twenty-seven pounds by taking Tanlac and just couldn't wish to enjoy better health than I do now," declared Mrs. Bertha Scholz of 1314 Court street, Alameda, Cal. For many years Mrs. Scholz was a professional nurse.

"A little more than a year ago," she continued, "I began to suffer from indigestion, gas and palpitation and soon became badly run down. Then I was taken down with the flu and was in bed for fourteen days. When I got up my stomach was in worse condition than ever and nothing I ate had any taste to it. I suffered awfully from shortness of breath.

"My kidneys were badly disordered and my back ached nearly all the time and right across the small of my back there was a sharp, piercing pain that was so severe I could hardly stand it. My nerves were worn to a frazzle and some nights I was so restless that I was awake all night long. I kept falling off in weight until it alarmed me and I became so weak I could hardly lift even a broom. My little daughter had to take care of the housework and look after me, too.

"I am so glad I tried Tanlac, although I'll admit I did not have much faith in it at first. It just seems to me that it was made specially for me. I never have the least touch of indigestion now and my appetite is simply splendid. Everything tastes good and agrees with me just perfectly.

"My kidneys don't worry me any more and the pains have all gone from my back. I am not the least bit nervous and enjoy a sound night's rest every night. I have gained back all my lost weight, have new strength and energy and feel as well as I ever felt. I never did it by my whole life. My gratitude towards Tanlac is unbounded and I never fail to speak a word of praise for it every chance I get."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Store. (Advertisement)

CLASS TORRENS LAW AS FAILURE

Tile Men's Convention Told It's Costly, Inefficient.

Quote Seattle's Experience as Example of Failure.

State Meeting Ends Tonight With Banquet at Clark.

Without a friend in speaking distance, the Torrens law, supposedly created with a view to simplifying and reducing the cost of establishing a title, yesterday was made the target for ridicule and charges of inefficiency and costliness by members of the California Land Title Association meeting at the Hotel Clark in their fourteenth annual conference.

Throughout the discussion of the act the title men indicated that the law has not been popular, that few persons have taken the time to register their land under its provisions and that it is dying rapidly in most communities. Werrall Wilson, president of the American Association of Title Men, quoted figures from Seattle, Wash., to show that a Torrens law there is a failure as a money-saver and that few persons are applying its principles to their property.

About seventy-five association members from all over the State were attending the convention, which will close tonight with a banquet at the hotel. Technical problems, discussion of fees and other matters of special interest to the title business were the chief topics of the opening session yesterday. Whether the buyer or the seller of the property should pay the title men's fee for services was a disputed point. Both practices are in vogue in the State.

W. N. Glascock of San Bernardino urged sincerity in business as a winning virtue, declaring that all business must justify its existence not upon the grounds that it is profitable, but that it serves the public good.

P. J. Johnson of San Diego said that the two bugaboo of title men are the Torrens system and the former antagonism of the public. The first is practically dead, he asserted, and the latter is giving way to a better feeling owing to increased knowledge of the service which the profession renders.

Other speakers included President Glenn A. Schaefer of Riverside, who asked consideration of a proposal to employ a paid secretary for the association; Stephen W. Devereaux of Sacramento, who gave an address on legal aspects of quiet title actions and unknown owners; William P. Freeman, who reported on the national convention early this month; and M. L. White, who talked on "A Resume of the Law Relating to Building and Race Restrictions."

Frank P. Daugherty of Los Angeles, speaking from the viewpoint of the public, said the public does not understand the genuine service given by the title men. He urged education and more co-operation with the public were urged as antidotes for antipathy.

CHARGE TEA PEDDLED AS REAL BOOZE.

Police Arrest Negro; Seize Much Bogus Hooch and Get Three Quarts of Whisky.

Charged by the police with being the king of the whisky bunco men, and to have swindled scores of the thirty-one about the city out of large sums of money, Alex Washington, a negro, of 1511 E. Main street, was taken into custody late yesterday afternoon. The police seized three suit cases filled with cold tea—said to be Washington's stock in trade—and three bottles of real whisky. He is being held charged with violations of the Volstead Act.

According to Police Detectives Glenn and Stevens, who made the arrest and also took into custody Mrs. Naomi Manley, a negro, said to have assisted Washington in making his sales, the negro has sold large quantities of cold tea in this city at \$2 a quart, pretending that it was high-proof whisky. In every case the victims failed to learn that they were drinking cold tea until after Washington had escaped.

The prisoner, the police declare, would carry a suit case of cold tea to customers and then give him a sample drink from a bottle of real whisky in order to clinch the sale.

Following the arrests, both Washington and the woman denied any part in the swindling. Washington, however, was unable to explain how the three cases of cold tea came to be in his possession.

Government to Abandon Bitter Insurance Case.

The bitterly contested case of the government against B. D. Malone, an agent of a Galveston (Tex.) life insurance company, that has been twice tried by a jury in U. S. District Judge Bledsoe's court without result, has been ordered dismissed by Atty.-Gen. Palmer.

It was charged by the government that Malone insured fictitious persons, reported their deaths and collected the insurance money. Malone asserted he had made a return of the collections. On the stand he admitted that it is the custom of some life insurance agents to pretend to insure risks that do not appear officially on the books of the company.

ON SECOND STREET.

Improvement Planners to Report Their Findings Next Week.

The bureau of assessments, which has been considering the improvement of Second street from Hill to Figueroa street, will report the first of next week. It is understood the proposed improvements include a tunnel, leveling of the street and other work. The estimated cost is said to be \$1,000,000, to be borne largely by property owners in the vicinity.

For girls of six to ten years, are here now in wonderfully good variety—cheviots, Silvertip, basket cloth, silvertone, broadcloth and Polo mixtures; and, priced, according to material used, from \$12.95 to \$45.00

Larger Sizes in Coats

For girls of ten to sixteen, may be had in popular weaves such as Polo mixtures, cheviots, broadcloths and Silvertones, from \$19.75 to \$58.50

Scarfs and Tams

To match, in fancy stripes, for little girls' wear; the tams, \$6.95; the scarfs, \$8.50. (Third Floor)

Handkerchiefs at Six for \$1.00

Are selected from two broken lines of initials—sheer plain hand-embroidered script letters; or a hand-embroidered initial within a wreath.

When the new arrivals reach us they will be twenty-five cents each.

Why not buy now, if your initial is among them? (Main Floor)

New Leather Goods

Bags, purses in swaggar, envelope and bag styles; all in real leathers, hand-tooled calf, vachette and seal grains; only \$3.50.

Shopping or Carriage Bags—in patent, vachette and morocco, \$10.00.

Boston Bags—of genuine cowhide; black or tan; several sizes, special, \$5.00.

Velvet Bags—in black, brown, blue; all newly arrived, \$5.00.

Silk Bags—our entire stock on sale at Half.

Traveling Bags—of genuine cowhide, in black or tan; special, \$7.95. (Main Floor)

In Our Blouse Section Are New Wool Scarfs

Of brushed and Angora wool—some of them made unusually long and wide, to insure ample warmth; these are finished with deep fringe.

Others have pockets and belt and are almost as good as a sweater.

Plain colors with novelty borders and stripes in corn and green, brown and apricot, gray and American Beauty and white.

\$7.75 to \$21.75 (Third Floor)

Athletic Underwear for Men

Old lines of men's athletic union suits are much reduced—formerly \$1.75 to \$4.00, they are now being closed out at \$1.25, \$1.55, \$1.85 and \$2.95

Men's Silk Hosiery on Sale

Full-fashioned Hosiery—pure silk, with lisle top, heel and toe; a fine quality in black and cordovan brown; sizes 9½ to 11½; Special Price \$1.25

Fancy Silk Hosiery—stripe and check effects on black, brown, blue and gray; all sizes somewhere, but mostly 9½ to 10. Special Price \$1.35 (Main Floor)

A Clearance of Silk and Ribbon Hats—Special, \$9.75

Hats of this character are in good taste upon the street or for sports wear the year around.

And there are so many different styles and so many pretty and becoming colors in the assortment, that choosing is made very easy.

In black, brown, navy, white, pink, old blue and various two-tone combinations, these silk and ribbon hats are positive bargains of the best sort at \$9.75. (Third Floor)

Championship
CAVENEY NABBED
BY BIG LEAGUES
The Detroit club of the American League notified the San Francisco club of the Pacific Coast League here today that it had selected Henry Caveney, infielder of the club, for a trial next season. Caveney will remain with the San Francisco club until the end of the season.

When Music Means Most
Home, in the easy chair, is where you enjoy the opera or concert most.
Let others crowd and rush to the theaters, but you may enjoy the art of the greatest musicians in the world within the peaceful seclusion of your own home, through the

Starr Phonograph
To hear any artist through the Starr Phonograph is just like hearing them in life, for the Starr's "Singing Throat of Silver Grain Spruce" has solved the problem of reproducing music in all its full, vibrant, life quality.
Come in and hear the Starr or let us send it to your home for a demonstration.

STATE FINANCES NEARING CRISIS.
Money Situation Very Grave, Controller Declares.
Deficit Now in Sight; Huge New Demands Proposed.
Favors Lopping Off Scores of Useless Commissions.

Notwithstanding the fact that California has a surplus of \$5,000,000 in her treasury, the State faces as serious a financial situation as ever confronted it, according to State Controller Chambers, who was in Los Angeles last night.
If the initiative measures calling for large expenditures of State funds are adopted, and the next Legislature grants increases which have been asked by many State institutions, the lawmakers will have to create new sources of revenue, Controller Chambers said.

"On July 1, 1921, the beginning of the next biennium, the State will have a surplus of \$5,000,000, and estimated revenues of \$50,000,000," said Mr. Chambers. "As against this \$55,000,000 the State will face known demands of \$75,000,000 or \$10,000,000, which will mean a deficit of \$15,000,000 or \$20,000,000 unless the Legislature takes time by the forelock and provides additional revenue."

MORE FOR SCHOOLS.
The initiative measure providing that the schools be given \$10 per pupil undoubtedly will carry. This means an additional drain of \$5,000,000 or \$6,000,000 on the State treasury for the biennium beginning next July. The State university is asking for \$1,000,000 more. It will take \$100,000 in addition to the regular appropriation to help the orphan and half-orphan, and the readjustment asked by the Normal school teachers will mean the expenditure of \$500,000 more.

"In addition to these new demands, it must be remembered that when the appropriations for State institutions were made two years ago we cut the allowances to the bone. It is realized now that the appropriations were cut too much. We must not only make up for what we cut out two years ago, but also make provision for the normal, natural in-

Keeping the flavor in—
The name Tillamook on the rim of cheese means that the milk flavor and delicious quality are retained—by a special process of paraffining—until it is served on your table!
Five quarts of rich, full-cream milk are used in making a pound of this cheese. Tillamook herds are tested regularly for health. The ideal, natural conditions of Tillamook—with its picturesque green valleys and mild climate—make it easy to understand why this dairying section has gained world fame.

Innovations in Painted Furniture Strike a New Note of Individuality for the Sleeping Room and Boudoir

BY means of painted and decorated bedroom furniture, which is cleverly developed by artist experts in Barker Bros.' studios, distinctive individuality in bedroom furnishing may be attained at a moderate cost.

The suite illustrated in the sketch above is a clever conceit, wherein furniture of the graceful Queen Anne style is enamelled in jade green and decorated with medallions of flowers against a black background. This particular suite, complete in eight pieces, is priced at \$2000.
A Louis XVI suite is enamelled in a soft French gray and enlivened with charming nosegays. This suite, consisting of seven pieces—bed, dresser, chiffon, dressing table, rocker, chair and bench—is priced at \$1100.
Other beautiful effects have been worked out with antique ivory, Chinese lacquer, soft greens or grays.
Please come to consult with us in the furnishing of your bedroom.

THE WHITE ELEPHANT OF SIAM

ONE of the biggest fakes ever concocted—as laughable a story as ever has been told! P. T. Barnum perpetrated it, and an unsuspecting public, loving to be fooled, fell for it. You know the white elephant of the East—sacred keeper of the spirits of royalty—himself a dweller in regal palaces—with retinues of priests and eunuchs! There was Barnum's offer—\$50,000 for the loan of the elephant for a year—priests, attendants, etc. What happened, how a ruse was invented, its success, are told in the remembrances of Charles Mayer's circus days, in

ASIA
The American MAGAZINE on the Orient

More Than 60 Illustrations—Art Insert of 8 pages in Color
This is the first of a series of adventure stories of the business of catching wild animals alive—the tale of the great python, for instance—for show purposes.
ASIA entertains—but does much more. It widens one's vision in a sweeping view of a continent rich in new endeavor and beauty and in vital interest to the everyday American.

Among other good things of the October issue:
The Story of Willard Straight
The tale of a young American of vision and action in the fascinating life of the East, laying the foundation for today's great International Consortium for loans to China which may solve the Far Eastern Problem. *Lucia Graves.*
The Way of the Samurai in Japan
And how Japan's victorious army and navy, the smoking chimneys of Osaka, rest on the bent back of the farmer and his wife, standing up to their knees in their paddy fields, raising no less than 4,000 different kinds of rice. *Robertson Scott.*
On the Trail of the Lord Tiger
Hunting the big animal in Indo-China. *H. C. Flower, Jr.*
Here Hunting in Persia
Meeting the Khans of Central Iran. *Harold Weston.*

NEW YORK STOCK EXCHANGE

NEW YORK, Sept. 17.—Wall Street celebrated its recovery from the shock of yesterday's explosion by an active day in the stock market. Sales approximated 2,000,000 shares, the largest turnover in many weeks, and gains, as distributed among leading issues, extended from two to ten points.

Collateral conditions contributed to the market's activity and confidence. Money rates continued relatively easy and foreign exchange made further rally from the days of the week.

The long deferred segregation plan of the Delaware, Lackawanna and Western Railway Company was made public, that stock ending at a loss of three points after an early advance of four points. Other gains included several of the low-price, coalers, also made substantial gains. The market was dominated, however, by the dominant issue, however, Mexican Petroleum leading a net advance of ten points, and

NEW YORK STOCK EXCHANGE

NEW YORK, Sept. 17.—Wall Street celebrated its recovery from the shock of yesterday's explosion by an active day in the stock market. Sales approximated 2,000,000 shares, the largest turnover in many weeks, and gains, as distributed among leading issues, extended from two to ten points.

Collateral conditions contributed to the market's activity and confidence. Money rates continued relatively easy and foreign exchange made further rally from the days of the week.

The long deferred segregation plan of the Delaware, Lackawanna and Western Railway Company was made public, that stock ending at a loss of three points after an early advance of four points. Other gains included several of the low-price, coalers, also made substantial gains. The market was dominated, however, by the dominant issue, however, Mexican Petroleum leading a net advance of ten points, and

Science Perfected This Lathing For You

The scientific study and experience of two generations of plasterers combined with extensive chemical research and practical building experience resulted in the perfection of this modern lathing material that overcomes all difficulties in the construction of plastered surfaces—both exterior and interior.

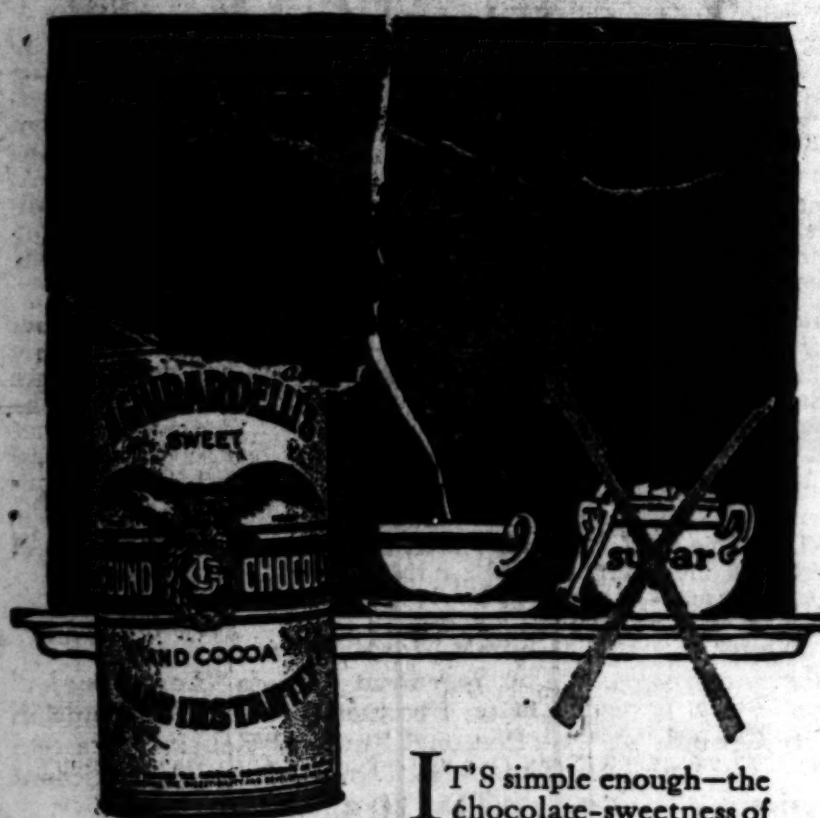

When properly plastered, walls and ceilings never crack in "Buttonlath" buildings. Years of practical use in thousands of structures have proven the durability and economy of this superior lathing material. Many builders and contractors are meeting the cost factor of today's building problems by specifying Buttonlath wherever a plaster base is required. Characteristic of its nature, Buttonlath is more than a mere lathing.

Fire-proof Sound-deadener Water-proof Heat-insulator

The success of Buttonlath has encouraged imitators—be sure of the genuine—ask for Buttonlath—for sale by all building material dealers.

"Recommended Wherever Used"

Buttonlath Manufacturing Company

Also makers of Peters Gypsum Wall Board

Ghirardelli's Ground Chocolate is never sold in bulk but in cans only. In this way Ghirardelli's retains its flavor and strength—the two most important elements of good chocolate.

It's simple enough—the chocolate-sweetness of Ghirardelli's makes additional sugar unnecessary. You lose nothing of its deliciousness, its flavor, its strength, when you "pass up" the sugar. For Ghirardelli's "stands on its own feet" as a complete food-beverage—sufficient unto itself!

RAISING GROWERS FLOCK TO ARMS.

An avalanche of Affidavits to Combat Antitrust Suit.

Government Action to Break Association Due Monday.

Amended Complaint is to be Filed in Case Today.

An amended complaint will be filed today by U. S. Attorney O'Connor in the government's suit for the dissolution of the California Associated Raisin Company of Fresno.

Mr. O'Connor said last night that the amendments consist of corrections in the spelling of names of officers of the company and also in "amplifying the definition of the word 'monopoly'."

The purpose of the amendments is to cure minor defects which might afford a loophole for the defense.

It developed last night that the complaint against the company, consisting of a dozen sheets of typewriting, was telegraphed in toto from Washington and that the errors in spelling were made by telegraph operators.

Throughout the San Joaquin Valley's great raisin-growing district a sweeping campaign during the last three days has gathered and stored up an avalanche of affidavits which will be turned loose on the forces of the Federal government here next Monday, when the first battle will be fought in the suit.

The Attorney-General to dissolve the California Associated Raisin Company as a combination in restraint of trade.

This battle will center on the application of the government in U. S. District Judge Elwood's court for a temporary injunction to halt the operations of the Associated, which is a stock company owned in great part by the raisin growers themselves and which packs and markets their crops.

The harvest of raisin grapes is now at its height, and the growers declare that should an injunction issue both they and the Associated will be ruined. Fully 50 per cent of the crop will be lost, they assert.

Therefore, the preliminary fight about the injunction is considered crucial. The raisin men are sparing no effort to win it.

COERCION DENIED.

A principal charge against the company is that many of the contracts to pack and market grapes were secured through coercion.

The defense is concentrating its counter-attack on this feature of the case. Through widely published advertisements and by letter, President Wylie M. Clifton of the Associated has offered during the last few days to cancel the contract of any grower who will make affidavit that he was coerced.

In response, thousands of affidavits have poured into the Fresno offices of the company—but not at all affirming coercion. The thousands of sworn replies are to the effect that contracts were signed willingly and with complete understanding.

As against these are three affidavits that set up coercion by neighbors and friends. No affidavit charges coercion on the part of the company.

BENEFITS AFFIRMED.

With these statements from raisin growers there are to be presented to the court affidavits from business and professional men, telling of the benefits to the industry and the community that have resulted from the operations of the growers' organization.

These affidavits will go also into the history of the raisin business and be used in answer to the charge of restraining trade by stifling competition. It will be shown, according to the company's attorneys, that the growers have gone into the hands of private concerns. These private concerns are buying raisins where they may, and have actually been offering 2 cents a pound more for goods than the price established by the associated company.

In spite of these offers, nearly 100 growers who have consistently remained outside the Associated and who could obtain advanced prices by selling to the independent, have this week signed Associated contracts. Several thousand more acres have been added to the Associated's total as the growers answer to the court action.

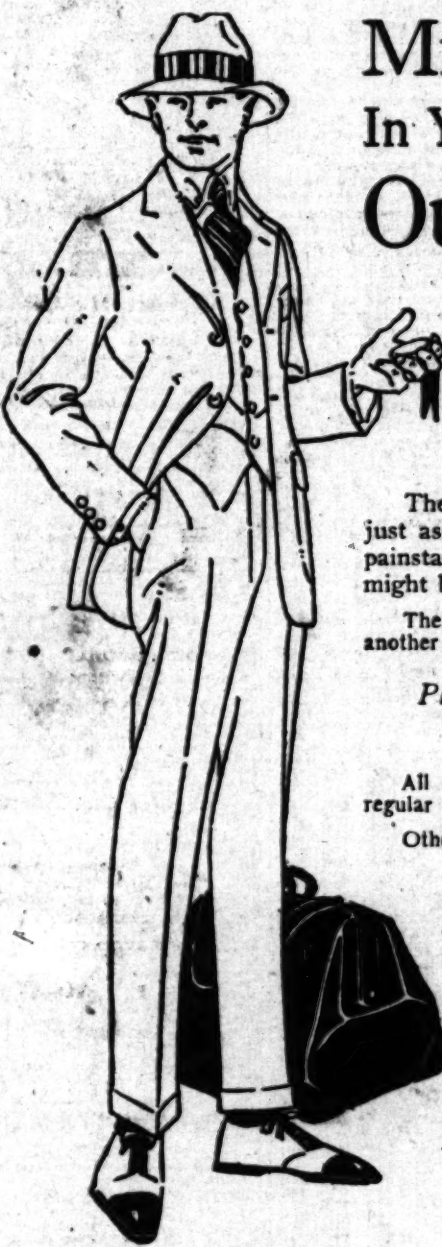

"The situation is of far greater importance than any mere local issue," said President Clifton of the Associated company yesterday. "It concerns the whole co-operative movement among farmers. It is to determine whether or not farmers have the right to organize to sell their products."

EVILS IN PAST.

"Those of us who have been identified with the raisin industry from its infancy, do not have to go back many years to find the reason for our organization or the explanation of the present activities against us. We have seen season after season in which the returns from our raisins were barely enough to pay the cost of picking. These same independent packers, who have enlisted the forces of the government in the effort to tear our organization to pieces, were in control then.

Closing Out All Mechanical Auto Parts—Underpriced (Fourth Floor)

Hamburger's
ESTABLISHED 1881

Mr. Business Man—
In Your Good, Cool Judgment, Consider
Our Men's Suits at 55.00

See if you, too, don't consider that we are giving the final word in tailoring, fabric and smart conservative style at just about the price you have in mind for a new Fall suit.

We feel that in all our merchandising experience we have more completely met our own high ideals of super value than in this presentation for Fall.

The well known confusion in the markets has brought its difficulties just as it is sure to bring its inferiorities—that is why we have given painstaking scrutiny to every detail of fabric, finish and tailoring that might be necessary under more normal conditions.

The result is not only an offering of important values and expert styles, but another point scored in the confidence with which our patrons regard us.

Plain grays, blues, browns and oxfords divide favor with the mixed, striped and checked effects.

All wool in every instance, whether worsteds, cassimeres, tweeds or serge. Every regular and particularly patterned size.

Other equally good values in suits at 50.00, 60.00, 65.00 and 75.00.
(Hamburger's—Men's Store—Main Floor—Today)

For the Man Ready to Select His Fall Coat

Imported and Domestic Overcoats, 45.00 to 85.00

Overcoats of famous foreign-woven fabrics fashioned by English or American tailors, with the unmistakable marks of expert tailoring and honest fabric.

A strong tendency toward the Raglan is evidenced—though for the man who prefers the set-in sleeve there is abundant choice.

(Hamburger's—Men's Store—Main Floor—Today)

Men's Woven Madras Shirts, 2.45

Soft negligee coat style—most effective patterns—and every pattern WOVEN in to stay in, in spite of frequent tubbings. Most inviting values. Sizes 14 to 17.

Men's Domet Flannel Pajamas, 4.00

A great many men feel the need of domet flannel pajamas with these cool September nights. Here they are—in most excellent value. All sizes.

(Hamburger's—Men's Store—Main Floor—Today)

Men's Union Suits, 3.00

Favorite makes in which the "hard to fit" are easy to fit as any others, so well tailored and properly made. "Vassar," "Richmond" and "Superior" in correct weights for immediate wear. Sizes 34 to 48.

Men's Domet Flannel Nightshirts, 2.25

Cut on generous proportions—slightly made of quality flannel in an acceptable weight for immediate wear. Sizes 15 to 20.

(Hamburger's—Men's Store—Main Floor—Today)

Men's Autumn Footwear

New Models Just Received from the East

Models that tell a smart story of more than ordinarily good looking shoes for men's Fall wear.

Brown Calf Shoes

—Unusual at 8.75

An English last with straight tip—superior in every way, from the careful selection of the leather to the making. All sizes.

Mahogany Brown Calf Shoes—10.00

The very newest English brogue last with wing tips and perforations or plain English narrow-toe last. Either the last word in smart footwear for men.

(Hamburger's—Men's Store—Main Floor—Today)

Black Kid Business Shoes—10.00

Built on good, comfortable, last—semi-round or nature-formed foot. A good shoe to try if your feet have a "demanding" "kid glove treatment." All sizes.

Men's "Stetson" Hats, 10.00

Men who know "Stetson's"—and where is the man who doesn't?—need no guarantee beyond the name to assure them of correct style and compelling value. But even these men will be glad to know that the new Fall line offer a most interestingly new choice and are here ready for your selection. All the wanted colors.

Other felt hats 4.00, 5.00, 6.00, up to 20.00.

(Hamburger's—Men's Store—Main Floor—Today)

PLAZA SITE'S CHEAPEST ONE.

(Continued from First Page.)

and purpose of the municipality, as well as the railroads.

NEW LIGHT ON COSTS.

The Railroad Commission engineer yesterday made known for the first time that either of the two plans under consideration would ultimately cost approximately \$100,000,000 if worked out in full detail.

He estimated the "Domb" plan's cost at \$100,971,491 and that of the Plaza plan at \$95,518,425, the advantage being \$7,553,066 in favor of his recommendations. His table of comparative costs is given above.

Councilmen Mallard and Crielwell wanted to know whether grade-crossing elimination could be carried out with equal advantage under either system. Mr. Sachse explained that the Plaza plan offers the best grade-crossing possibilities, since under that scheme all the railroads would know that the work was going through to completion and would be required to do their full share, while under the Arcade site plan the Santa Fe would be left completely out and would be reluctant to do its share of the grade-crossing work.

"There should be facilities provided at the earliest possible moment for taking care of the traffic during the next ten or twenty years," said Engineer Sachse. "Such work would cost from \$10,000,000 to \$20,000,000. There is no foundation for the argument that with the same amount of money you can get the same set of facilities at either site."

It is not the first cost that should be considered, but the opening cost, and the cost to all parties concerned rather than only that to the railroads.

In consideration, the community, I think, would be about \$9,000,000 to the good if the Plaza plan were carried out.

Speaking of the hullabaloo started regarding the proposed closing of streets in order to put the Plaza plan through, the engineer said that under his plan two and eight-tenths acres less of street space would be required than is taken up by the present arrangement of stations.

PAIK NOT NEEDED.

The matter of confiscating the Plaza for railroad purposes was discussed and Mr. Sachse said his plan contemplates the creation of a better Plaza than the present one. In front of the union terminal.

He declared, however, that the station could be built L-shaped, if necessary, without using any of the present park space.

In regard to the Salt Lake and Southern Pacific railroads pulling together for the Arcade Station site, Mr. Sachse said: "The position there of two roads take it that they'll oppose anything which interferes with the plan they want to put through. They each have something the other wants, and they purpose pooling their physical advantages. They do not say that the Plaza idea is wrong, but they assert that it conflicts with their plan. If everything were taken into consideration, their plan would be the most expensive."

The roads are agreed that crossing eliminations are necessary.

"If it is decided that there should be a union terminal, then decide where to put it," he said. "I would recommend carrying the entire plan forward, but would advise using the largest amount of available money for grade-crossing work at the beginning. The State Railroad Commission has authority to order this improvement."

"Whether Los Angeles wants to or not, it will soon come to the building of subways. First we should have one under Main street for inter-urban traffic. 'In the not far distant future, the electrification of steam roads will come, and the Plaza plan is admirably suited to electrification.'"

ROOF FOR AIRPLANES?

In conclusion, Mr. Sachse said he had been requested by certain persons interested in aviation development to have the union terminal built with a flat top, to afford a landing place for airplanes. He said the suggestion is worthy of much more serious consideration than some people think, and declared that such a plan might be worked out, or that a suitable landing place might at least be provided for aerial mail carriers.

Upon recommendation of Councilman Farmer, that part of the report of Mayor Snyder's special committee, which refers to the methods used by private in securing money to build the old Plaza Church will be stricken from the record, when the report is received by the Public Utilities Committee. This action was ordered yesterday by the Council when D. J. McGarry called attention to the fact that in the report the statement is made that the private secured money to build the church by selling razors.

BANQUET FOR

Episcopal Priests will be held here tomorrow night.

A complimentary banquet given in honor of the priests of the Episcopal Diocese of Los Angeles, will be held at the Hotel St. Francis, tomorrow night, Sept. 19.

During that time the priests will be entertained by a musical program, and a dinner will be served. The cost of the banquet is \$12,000.

After the dinner a social hour will be held, and the priests will be entertained by a musical program. The cost of the banquet is \$12,000.

JOHN M. JONES

Charles M. Jones, who was arrested on charges of kidnapping, was released yesterday by the court. He was held on \$10,000 bail.

MONDAY MORNING,

CALIFORNIA RAILROAD IN POPULATION

relative and Numerical Than That of Any the Union, Fig

(BY A. P. NICHOLS)

WASHINGTON, Sept. 18.—California was announced today by the Census Bureau as having the largest increase of 1,048,987, or 44.1 per cent, in population since 1910.

The increase was the largest of any State in the Union, and California's population now exceeds the combined increase of all other States.

California, which ranked as second State ten years ago, will rank in tenth place or above, according to the increase of the State in its history.

California had a population of 1,543,979 in 1910. It showed an increase of 293,497, or 80.1 per cent, in the ten years ending with 1910, and had the largest growth in its history, the number being more than double the increase of any previous decade.

California ranked as second State in the Union in 1910, with a land area of 155,452 square miles, making its population 13.3 per square mile.

California was admitted as a State in 1850, and appears in the first Census reports for the first time that year. Naturally, its rapid growth was during the decade immediately following the discovery of gold in the State.

Between the two decades, 1850-60 and 1860-70, the increase was more than double the rate shown for the decade 1840-50.

Between the two decades, 1870-80 and 1880-90, the increase was more than double the rate shown for the decade 1860-70.

Between the two decades, 1890-1900 and 1900-1910, the increase was more than double the rate shown for the decade 1880-90.

Between the two decades, 1900-1910 and 1910-1920, the increase was more than double the rate shown for the decade 1890-1900.

Between the two decades, 1910-1920 and 1920-1930, the increase was more than double the rate shown for the decade 1900-1910.

Between the two decades, 1920-1930 and 1930-1940, the increase was more than double the rate shown for the decade 1910-1920.

Between the two decades, 1930-1940 and 1940-1950, the increase was more than double the rate shown for the decade 1920-1930.

Between the two decades, 1940-1950 and 1950-1960, the increase was more than double the rate shown for the decade 1930-1940.

Between the two decades, 1950-1960 and 1960-1970, the increase was more than double the rate shown for the decade 1940-1950.

Between the two decades, 1960-1970 and 1970-1980, the increase was more than double the rate shown for the decade 1950-1960.

Between the two decades, 1970-1980 and 1980-1990, the increase was more than double the rate shown for the decade 1960-1970.

Between the two decades, 1980-1990 and 1990-2000, the increase was more than double the rate shown for the decade 1970-1980.

Between the two decades, 1990-2000 and 2000-2010, the increase was more than double the rate shown for the decade 1980-1990.

Between the two decades, 2000-2010 and 2010-2020, the increase was more than double the rate shown for the decade 1990-2000.
